

2026 Code Table Amendments for Electronic Cargo Manifest (“EMAN”)

The Census and Statistics Department (“C&SD”) has announced that the amendments to the code table for EMAN in 2026 will take effect on 1 January 2026. The amendments include updates to some Port/Place (Location) Codes and IATA Codes.

To support these amendments, Tradelink has developed an upgrade for our LogiNet Deluxe Software.

For customers using LogiNet Deluxe Software:

- A Smart Upgrade Directive will be delivered to the inbox of your LogiNet Deluxe Software.
- Please execute the Smart Upgrade according to the instructions on the first time you login to your LogiNet Deluxe Software after 31 December, 2025.

For customers using import flat file for EMAN submissions:

- Please update the code settings for your own systems. Failure to do so may result in application errors.

The full details of the updated codes will be posted on the following Government website on 1 January 2026:
